EDUCATION

Kalinga Institute of Industrial Technology

B.Tech in Computer Science and Engineering (CSE)

Bhubaneswar, Odisha

2023 – 2027

BDM Public School

Central Board of Secondary Education (Class-XII)

New Delhi

2022

EXPERIENCE

Bluemorpho Learning Solutions Pvt. Ltd.

Web Development Intern

- **Developed and maintained** user-facing features for web-based educational platforms, writing and debugging code to ensure robust software application performance.
- **Collaborated** with cross-functional design teams to optimize **User Experience (UX)**, successfully converting UI/UX wireframes into responsive web pages and improving user engagement by an estimated **25%**.

Sixty9 Solutions Pvt. Ltd.

New Delhi

Product Marketing Intern

May 2024 – June 2024

- Conducted **Data Analysis** to support marketing projects, leveraging metrics to highlight product quality and optimize bulk sourcing benefits for nutraceutical products.
- Drafted user guides and technical documentation to effectively communicate product specifications and capabilities to stakeholders.

PROJECTS

City Traffic Prediction using AI | [GitHub](#) | Full-Stack Developer | Python, AI

- Architected an **Artificial Intelligence (AI)** system predicting city traffic patterns and congestion with a **75% accuracy rate** to support route planning initiatives.
- Designed and implemented an interactive, user-friendly dashboard to visualize traffic flow data, enhancing **data-driven decision-making** speed by **30%** for congestion management.

Quant-X: Stock Market Prediction | [GitHub](#) | Developer | Python, Data Analysis

- Engineered a predictive model utilizing Python to analyze market behavior and forecast future stock movements, achieving an accuracy of **78%** while strengthening overall **Data Analysis** pipelines.
- Gathered and parsed complex financial datasets to extract actionable insights, improving the accuracy of simulated trading strategies by **15%**.

AI Task Manager | [GitHub](#) | Web Developer | HTML, CSS, JavaScript

- Developed a responsive task management web application focusing on clean **User Interface (UI)** and efficient task organization, writing and testing all underlying code.
- Optimized frontend components for speed and scalability, troubleshooting bugs with an **81% accuracy rate** to reduce load times by **1.2 seconds** and boosting workflow productivity.

ACHIEVEMENTS & POSITIONS OF RESPONSIBILITY

Vice Coordinator: UiPath Student Community (USC), KIIT Under Tnp (2026 – 2027)

Marketing and PR Lead: Konnexions Under KIIT Student Activity Center (KSAC) (2025 – 2026)

Video Editor Lead: Google Developer Groups (GDG), KIIT (2025 – 2026)

Second Prize: Hack-a-Bot Competition Awarded by UiPath (September 2024)

Leadership Recognition Certificate: Awarded by Training and Placement Department (TNP) (April 2025)

TECHNICAL SKILLS

Development & Coding: HTML, Cascading Style Sheets (CSS), JavaScript, Python (Basics)

Core Concepts: Database Management Systems (DBMS), Operating Systems, Computer Organization Architecture, Application Programming Interfaces (APIs)

Professional Skills: Troubleshooting & Technical Support, Data Analysis, Documentation Drafting, Debugging

Soft Skills: Technical Communication, Presentation Skills, Team Collaboration, Adaptability
