

UiPath Student Community KIIT Department of Training and Placement

Event Management Domain Team Lead Recruitment – USC KIIT

The UiPath Student Community (USC), KIIT Deemed to be University, under the guidance of the Department of Training & Placement, invites applications for the position of **Event Management Domain Team Lead** for the upcoming tenure.

This role aims at strengthening **event leadership, coordination, planning excellence, and community engagement**, while ensuring the successful execution of technical and non-technical events within the UiPath Student Community.

Position Open

Event Management Domain Team Lead
(For 2nd or 3rd year students)

Roles & Responsibilities

- Lead and coordinate the Event Management domain team, ensuring smooth planning and execution of events.
- Plan, organize, and execute workshops, hackathons, seminars, guest sessions, orientations, and community events under USC KIIT.
- Coordinate with Marketing & PR teams for event promotions, registrations, and audience engagement.
- Manage event logistics, scheduling, volunteer coordination, and on-ground operations.
- Collaborate with the Core Team, faculty coordinators, and stakeholders for successful event delivery.
- Ensure professionalism, discipline, and timely completion of responsibilities within the domain.

Eligibility Criteria

- Must be an **active member of the UiPath Student Community (USC) KIIT**.
- Must have prior experience in **event management, leadership, coordination, or volunteering** in college or community-level events.
- Strong **leadership, communication, coordination, and problem-solving skills**.
- Basic understanding of **event marketing, promotions, and audience engagement strategies**.
- Must not hold a **Lead position in other Tech Societies**.
- Ability to **commit time and responsibilities throughout the tenure**.

Note

Meeting the eligibility criteria does not guarantee selection. **Shortlisted candidates will be required to appear for an interview**, and the final appointment will be subject to performance in the interview and approval by the **Faculty Coordinator and Core Team of USC KIIT**.
